To All prospective tenderers

Clarification No. 3:

FTS 181-15 Tender for the Supply and Installation of Timber Doors at Haz Zebbug Primary School (Ex Secondary School)

Reference is made to the above mentioned tender.

Following a request for clarification received by a prospective bidder, please find the following replies:

Question:

“Would it be possible to provide us with cad versions of the drawings as well as plans of the properties of both projects? Such drawings are required to check wall thicknesses, as well as location of proposed doors.”

Answer:

The dimensions in the Bill of Quantities should suffice prospective bidders to submit a financial bid. Actual measurements will be taken by the successful bidder on site.

Question:

“It was noted that in some instances, proposed doors would normally be fire rated however there is no indication of fire doors in boq’s. Are fire doors completely excluded from this contract or should contractors liaise with a fire engineer employed by the contracting authority?”

Answer:

Bidders are to quote as per Bill of Quantities.
